

## SCHOOL PROFILE

# Orchard Ridge Elementary

**Address:** 5602 Russett Rd | **Phone:** 608-204-2320 | **E-mail:** orchardridge@madison.k12.wi.us

Orchard Ridge Elementary is a neighborhood school, uniquely situated so students and families can walk to and from school daily. We strive to develop and maintain collaborative partnerships with our families to ensure every student is successful both academically and social emotionally. We recognize that every child brings their own strengths to our building each day and we want to build on those as well as expand them into other areas of learning. We will actively promote the engagement of your child in their learning by building positive relationships, establishing and maintaining clear expectations, and providing rigorous work for your child's academic and social growth. We keep student learning at the center of all data based decision making, setting up school wide systems for student success and developing classroom opportunities to meet each students next level of learning. Examining our current practices with an equity lens this next year will be crucial professional work for Orchard Ridge to improve opportunities for all students. Our staff members bring a lot of energy and passion into our school and classrooms each day so that Orchard Ridge is the school your child wants to be and you feel confident in their academic and social emotional growth. Together We Can!

School Principal: Rebecca Kundert

## Equity Vision

We believe that children are our future. They deserve to have strong relationships at school where they know they are valued, they belong, and they are loved so they can achieve their dreams. Students, staff and families are partners in creating a joyful and accepting learning environment where students are engaged in meaningful conversations about their learning, asking questions, sharing ideas and expressing curiosity. Staff will provide equitable opportunities to empower all students to become change agents within their own lives and their community.

## Strengths

At Orchard Ridge we are grounded in collaborative teaming to meet students' academic and social emotional needs. We are extremely focused on consistent coherent instruction, we are very clear on what all students should know and need to be able to do. All teachers turn in the lesson plans in advance for feedback to ensure all grade level standards are met and that our instruction is rigorous. We monitor student learning of the standards and adjust our instruction so students can learn at higher levels. We know that partnerships with our families are essential to our students' success.

## **Progress**

We are extremely excited to share that we met and exceeded our literacy goals for all students in both the foundational K-2 assessment 74% which was our goal and the 3-5 MAP assessment 38% which was the goal. We also exceeded our proficiency rates from our initial goal, our African American students grew by 11% and our English Language Learners grew by 13% from the start of the year. We are so proud of our students' hard work!

## **Area for Growth**

Orchard Ridge staff will continue to strengthen our lessons for the literacy block for continued growth in reading, aligning our lessons with guided reading groups to carry over skills learned towards independence. We believe this will accelerate our students' academic growth. As equity will be a focus for us next year, we will analyze our results for all students as well as our focus groups, students identified as African American as well as English Language Learners.

## **Vision Connection**

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
